Powerbank LDNIO PQ12, 15W, 10000mah (white)

Ref: 6933138600061

LDNIO PQ12 powerbank, 15W, 10000mah (white)

Renew the energy of several devices at once with the LDNIO powerbank. The PQ12 features a 10,000mAh capacity, supports fast charging protocols and operates at up to 22.5W. It features one USB-C output port and two USB-A output ports. It also supports wireless charging with up to 15 watts of power. With an LED display, you can conveniently check the battery charge level, and a number of safety features make it safe to use. What's more, you can take it with you anywhere - even on a plane.

Fast charging

You don't have to wait long for your devices to be charged and ready for use. The LDNIO powerbank features a USB-C output port and two USB-A output ports - so you can charge several devices at once. The PQ12 supports PD and QC3.0 fast charging protocols, so it will quickly renew the energy of your equipment.

Opt for wireless solutions

Prefer wireless solutions? No problem! The LDNIO powerbank allows inductive charging with 15 watts of power. All you have to do is put your smartphone to the device. Find out how convenient it is!

Additional perks

The PQ12 is equipped with an easy-to-read LED display, so you can conveniently check the charging status. All you need to do is press the appropriate button. And that's not the end of the conveniences - the device meets the standards of international airlines, so you can take it on a plane with you without worry.

A range of security features

You don't have to worry about the safety of your equipment. LDNIO's powerbank provides protection against overcharging, overvoltage, overheating, short circuit or electromagnetic field, among others. Enjoy fast and safe charging of your devices!
