Powerbank LDNIO PQ11, 15W, 10000mah (white)

Ref: 6933138600023

LDNIO PQ11 powerbank (white)

Instantly renew the power of your devices anywhere. The ultra-thin LDNIO PQ11 powerbank features an easy-to-read LED display and boasts a 10,000mAh capacity. It offers a USB-C port and two USB-A ports, making it widely compatible and allowing you to connect several devices at once. It also supports PD and QC3.0 fast charging protocols and allows wireless charging. Convenient operation is provided by a special button. The powerbank can accompany you anywhere - even on a plane!

Handy and practical

The compact LDNIO powerbank will save you a lot of time by renewing the energy of four devices at the same time. It is equipped with a USB-C port and two USB-A ports and operates at up to 22.5 watts. Because it supports PD and QC3.0 protocols, it stands out for its high efficiency. It also enables wireless charging with a maximum power of 15 W. 30 minutes is enough for the Huawei P50's battery charge level to reach 60%.

Capacious battery

Worried that the powerbank will discharge at the wrong time? Don't be! It is equipped with a 10,000 mAh lithium-ion battery, so it can renew the power of the iPhone 13 and Huawei 40P about 2.1 times, the Xiaomi 11 about 1.2 times, and the Vivo IQ007 about 1.5 times. You can conveniently check the battery charge level with the easy-to-read LED display.

A range of security features

To ensure the safety of your devices, the LDNIO PQ11 powerbank provides protection against overcurrent, overvoltage, overheating, short circuit and electromagnetic field, among others. What's more, it is equipped with a smart chip that adjusts the power to the equipment being charged, further enhancing safety.
