Do you travel often? Don't sacrifice the ability to conveniently charge and power your devices! The Mcdodo CP-3471 universal power charger offers different types of plugs - EU, US, AU and UK. To use any of them, just move the corresponding slider! The product provides up to 20W of power and has 3 ports - 1x USB-C and 2x USB-A. It can also act as an outlet.

### Portable design

The charger combines powerful capabilities with a lightweight, portable design. It weighs only about 127.6g and is small enough to easily fit in your backpack or bag. It's the perfect travel companion! Take it on your next vacation or business trip - this practical device can accompany you almost anywhere.

### Charge 3 devices simultaneously

Don't wait until one device is ready for use before charging another. The CP-3471 charger puts as many as 3 ports at your disposal - 2x USB-A and 1x USB-C. This allows you to connect your smartphone, tablet and wireless headphones to it at the same time, for example. What's more, the product provides power of up to 20W, which means that you will charge your devices in a very short time with its help.

Use it all over the world

This practical charger will work perfectly in most countries around the world. It is equipped with several types of plugs - EU, US, AU and UK. To use any of them, just move the corresponding slider! You no longer need to pack several different chargers or worry about not being able to charge your devices. What's more, the CP-3471 is universally compatible with a voltage of 100-240V.
