Lightning cable Mcdodo CA-3140 12W, 1.2m (black)

Ref: 6921002631402

Mcdodo Lightning Cable CA-3140, 12W, 1.2m (Black)

Ensure safe charging for your devices. The Mcdodo cable stands out with its intelligent operation and allows you to quickly replenish the energy of devices supporting the Lightning connector. The product provides a current supply of 3A and enables fast data transmission between devices. Applied technologies help protect charged equipment and prevent their battery wear. In addition, built-in LED indicators provide information about the charging status.

Intelligent Charging

You don't have to worry about the safety of your devices. The cable ensures their fast charging, and when the energy is fully replenished, it automatically stops transmitting current, thus protecting the battery from overcharging. Moreover, the built-in LED indicators will inform you about the charging status - just take a glance. Take care of the condition of your devices and prolong their lifespan with Mcdodo.

Modern Design and Solid Construction

The product will catch your eye with its distinctive design. The transparent case provides insight into the internal components, and reinforced ends and nylon braiding effectively protect the cable from wear and damage, so it will serve you for many years.

Manufacturer

MCDODO

Model

CA-3140

Color

Black

Interface

USB to Lightning

Functions

Charging, transmission, intelligent switching off, power refreshing

Material

zinc alloy + nylon braid

Output current

3A Max

Cable length

120 cm

Preço:

Antes: € 6.9987

Agora: € 6.49
