

Action Camera SJCAM SJ10 X

Action Camera SJCAM SJ10 X

Ref: 6972476160004

SJCAM SJ10X sports camera

Immortalize special moments and record interesting video footage with SJCAM's sports camera. The SJ10X allows you to record in 4K, 2K and HD/60FPS quality and take 16MP photos. It provides a 160° field of view with distortion correction, and a 3-axis gyroscope is responsible for stabilization. The device also allows underwater recording. It also provides a number of practical modes, so you can easily realize any of your ideas. A dedicated app allows remote management of the camera's operation and guarantees access to useful functions.

Exceptional moments in stunning quality

Preserve beautiful memories for longer. The SJCAM camera provides a 160° viewing angle with distortion correction, captures 4K, 2K and HD/60FPS video and takes 16MP photos. A 3-axis gyroscope is responsible for effective stabilization. Now you can record on the move without worries, for example, while cycling. Access to the results of your work is provided by an easy-to-read 2.33" touchscreen. Create innovative footage without limits!

Choose from multiple modes

Awaken your creative ingenuity with SJCAM. The SJ10X offers several practical recording modes, such as Normal mode, Time-lapse, Slow video, Video+photo, Car mode, Vertical screen (9:16) and Loop video. This makes the device perfect for a variety of scenarios. In

addition, the camera provides up to 5 shooting modes - Single shooting, Interval shooting, Continuous shooting, Timed shooting and Face recognition.

Ability to record underwater

Want to record underwater? With SJCAM it's possible! You can plunge to a depth of 10 meters without any problems. Is that not enough? No problem - the included waterproof case will allow you to record up to 30m underwater. What's more, you can easily adjust the white balance to suit your needs. Auto, Daylight, Cloudy, Tungsten, Fluorescent and Underwater modes are available.

Long runtime

You don't have to worry about the SJ10X camcorder discharging in the middle of recording important footage. The device is equipped with a powerful 1200 mAh lithium-ion battery. As a result, you can freely record videos in 4K/30FPS quality for 80 minutes.

Additional perks

Get more with the dedicated SJCAM ZONE app and enjoy the ability to remotely manage the camera's operation. In addition, the device can also be operated with a remote control (to be purchased separately). The SJ10X operates in the 2.4GHz and 5GHz Wi-Fi band, so you'll always enjoy smooth operation!
