SJCAM S1 home camera (black)

The SJCAM S1 home camera will help you keep you and your loved ones safe. The device provides high 1080p resolution, 95° field of view and enhanced night vision. It is equipped with motion sensors, so it will detect people trespassing on your property. It also supports two-way audio. The powerful battery allows up to 6 months of operation, and thanks to its IP65 waterproof rating, you can also mount the product outdoors. The camera supports micro SD cards with a maximum capacity of 128 GB, and a dedicated app will give you access to practical functions.

Wide range of visibility

Keep an eye on everything with the SJCAM camera. The S1 allows a field of view of 95°. The 1080p resolution image will allow you to notice every detail. What's more, thanks to infrared and LED lights, the device provides enhanced night vision, so it captures images perfectly even at night and in difficult lighting conditions.

Motion sensors

Have confidence that nothing will escape your attention. The SJCAM camera is equipped with motion sensors, so it will detect people who enter your property. Now you can relax in the comfort of your home without worrying about the safety of yourself and other family members.

Two-way audio

The S1 model supports two-way audio. This allows you to have conversations with someone who is close to the camera. Maybe you want to ask the courier to leave your package in front of your house? No problem! This feature will also allow you to scare away an unwanted person from a safe distance.

Refined design

Thanks to the fact that the S1 provides IP65 water resistance, you can also mount it outside your home without any worries. In addition, the SJCAM camera is equipped with a powerful 9200 mAh battery, so one charge is enough to keep the device serving you for up to 6 months. For added convenience, the product also allows you to use the SJCAM ZONE app.
