Wall charger EU USB-A Vention FAAW0-EU 12W, 2.4A, (white)

EU USB-A mains charger Vention FAAW0-EU 12W, 2.4A, (white)

Want to charge your devices quickly and safely? With the Vention mains charger, this will be possible! Equipped with a single 12W USB-A port, your devices will be ready for use again in just a few moments! What's more, it is equipped with a range of safety features, so you are guaranteed safe use.

Fast charging

Tired of waiting a long time for your devices to regain full power? With Vention, this problem will disappear! It supports Apple's 5V/2.4A protocol, which means that in just around 2 hours your iPhone XS Max can recover full power! What's more, this charger exhibits a power output of 12 watts, so you can enjoy fast and safe charging.

Comfortable to use

The mains charger is not only a functional gadget, but also a comfort of use. It shows great compatibility with manufacturers of various phones and handsets. It will work perfectly with macros such as Apple, Huawei, Xiaomi, OPPO or VIVO, but not only! What's more, it stands out for its small size, which makes it easy to pack it in your backpack or handbag and always have it with you!

Guaranteed safety

Vention guarantees safe use. The charger is equipped with a number of safety features, including protection against overcharging, over-cutting, short-circuiting and over-current protection, and that's not all! It is also made of heat- and fire-resistant material, which increases the guarantee of safe use. What's more, it also stands out for its excellent temperature control, so you can rest assured about the equipment connected to it.
