

## Display Port cable 2x Male, Vention HCABH 8K 60Hz, 2m (black

Ref: 6922794743991

Display Port cable 2x Male, Vention HCABH 8K 60Hz, 2m (black

Vention HCABH 2xDisplay Port male-to-male video cable, 8K 60Hz, 2m (black).

Need a cable that allows you to transmit video and audio in great quality? Vention offers a dual version 1.4 male Display Port cable that guarantees 32.4 Gbps bandwidth, 32-bit/1536KHz audio transmission, and supports 8K quality video! It allows bidirectional transmission and supports multiscreen display. Vention is sure to serve you for a long time! The gold-coated connectors are resistant to oxidation and repeated use. The cable along its entire length has been reinforced, as well as coated with a special braid, so it doesn't get tangled and shows greater resistance to pulling.

### Fantastic image quality

The cable offers a transmission speed of 32.4 Gbps and is distinguished by a high refresh rate, so the image is displayed in excellent quality and does not stutter. This is especially important for gamers who appreciate smooth movement on the screen. What's more, the cable supports dynamic HDR, making the viewed images even richer in detail!

### Even better sound

With this cable you can enjoy detailed, surround sound. The product offers 32-bit/1536KHz transmission, which means you'll be able to hear background sounds clearly, or locate your opponent based on the sound of his footsteps.

#### Wide compatibility

The cable will allow you to play 8K quality video and provides high-level audio transmission, but it also supports lower resolutions, so you can use it with a wide range of devices, enjoying interference-free transmission! The cable supports Mirror mode, where you can display the same image on two screens. You can also use it to display two different images in Extend mode, and use it in multi-screen mode.

#### Manufacturer

Vention

#### Model

HCABH

#### Color

Black

#### Interface

DP 1.4 male ; gold-coated

#### Throughput

32.4 Gbps
