

## Smart Socket BlitzWolf BW-SHP6 Pro WIFI, (EU) 3450W

Smart Socket BlitzWolf BW-SHP6 Pro WIFI, (EU) 3450W

Ref: 5907489603676

Blitzwolf Intelligent adapter for socket

The Blitzwolf intelligent adapter will turn an ordinary socket into a smart one and allow you to remotely control the devices connected to it, set a timer or monitor energy consumption. It works with Alex and Google voice assistants and has a number of security features.

Voice control

With voice assistants, all you have to do is speak a command to turn the device connected to the adapter on or off.

Intelligent timer

The adapter has a timer function with an application that allows you to decide on the time when the device should start or stop. It's a great idea to save power, and it's the perfect way to adapt your home to your lifestyle.

Remote controlled

If you are not sure if you have turned off a device or want to turn it on and you are not at home, the application will let you do it. This is an incredibly convenient and comfortable solution.

Safely usage

Adapter posiada szereg zabezpieczeń przeciwko przepięciom i przeciążeniom prądu, a także przeciwko przegrzaniu, dzięki czemu nie musisz się martwić o urządzenia podłączone do gniazdka.

#### Energy consumption monitoring

With the energy consumption monitoring function, you can always check how much energy is consumed by individual appliances in your home.
