

Joyroom JR-ZS285 car air vent holder (black)

Ref: 6941237189929

Joyroom JR-ZS285 car air vent holder (black)

Joyroom JR-ZS285 (black) car grille mount

Looking for a universal car mount? Joyroom JR-ZS285 stands out for its high compatibility, and thanks to its adjustable arms, you can place a 4.5-6.5-inch phone in it. You will mount the product on the air vents with a special clip, and position the phone as you are comfortable! The swivel head will allow you to position your phone both horizontally and vertically.

Hassle-free mounting

You don't need any additional tools to mount the mount. The sturdy clip allows you to place it in the air vents, and thanks to the clever design, the holder stays where it's attached. Off-road driving, deceleration thresholds, or sudden braking - the Joyroom JR-ZS285 offers the required stability in all conditions!

Set in any position

The product features a swivel head that allows you to adjust the mount to your needs. You can easily change the position of your phone from vertical to horizontal - just turn the holder. Such a solution will keep you safe while driving! Do not limit yourself and use the navigation as you are comfortable!

Wide compatibility

Joyroom JR-ZS285 works with most phones! The adjustable arms will provide stability for devices with a screen size of 4.5-6.7 inches. What's more, the lower arm is designed to easily connect your smartphone to the charger. You no longer have to give up navigation for charging!
