Nicefeel FC1521 water flosser (white)

Dreaming of a beautiful smile? With the Nicefeel FC1521 water flosser you are closer to achieving this dream! With this water flosser, you can thoroughly clean even hard-to-reach areas of the mouth. The device offers 3 operation modes to choose from, and thanks to its lightweight, cordless design, it is also perfect for travelling. It also stands out with its IPX7 water resistance and large 320ml water tank.

3 cleaning modes

With a water flosser, you can clean your teeth much more thoroughly than with a regular toothbrush. The device allows you to choose from 3 modes. Normal provides a pressure of 60-100psi - perfect for everyday use. Soft will be suitable for beginners - offering a pressure of 30-60psi. There is also a Massage mode, which allows you to enjoy a gentle gum massage.

Large water tank

The irrigator is equipped with a large water tank with a capacity of 320ml. This is enough to thoroughly clean your teeth without having to refill it. The device is also very leak-proof - don't be afraid of leaks. The FC1521 is also distinguished by its IPX7 water resistance, which means you can use it freely in the bathroom - accidental splashing will not pose a threat to it!

Designed for your convenience

The device is very simple and convenient to use. It works wirelessly and, thanks to its 1400mAh battery, stands out for its long battery life. What's more, its lightweight, handy design means it can accompany you almost anywhere - on holiday, for example. You can easily fit it in your travel bag or suitcase! The product is also very quiet - its volume level is only about 72dB.
