Nicefeel Deskopt water flosser + sonic toothbrush set FC163

Nicefeel FC163 desktop water flosser + sonic toothbrush set

Admire a beautiful smile. The Nicefeel FC163 stationary water flosser allows you to conveniently adjust the pressure, so you can adapt it to your needs. It is also equipped with a large 600ml water tank. The device is very easy to use and works extremely quietly - its noise level does not exceed 75dB. The kit also includes several interchangeable water flosser tips and a sonic toothbrush.

Thorough cleaning

With a water flosser, you can thoroughly clean even areas of the mouth that ordinary toothbrushes cannot reach, including the spaces between teeth. You can easily remove food debris, tartar and other impurities. The device provides a water flow rate of approximately 290ml/min and a pressure of up to 125psi.

Adjustable pressure

Adjust the irrigator to your needs and expectations. The FC163 offers 10 levels of pressure adjustment. At the lowest level, it does not exceed 30psi. Medium levels provide from 40psi to 70psi. The highest levels offer 78-125psi. Convenient pressure adjustment is made possible by a built-in dial.

User-friendly

Operating the irrigator is extremely simple and convenient. The device is equipped with an electronic switch and a large water tank. It has a capacity of as much as 600ml, which allows for approximately 2 minutes of continuous use. The irrigator is also distinguished by its modern, minimalist design - it will fit perfectly into the design of almost any bathroom. It also works surprisingly quietly - don't be afraid of annoying noise!

Several interchangeable tips

The set also includes several interchangeable tips. The standard tips are great for everyday use, the orthodontic tip will come in handy for braces users and the periodontal tip will be suitable for those struggling with gum disease. There is also a tongue cleaner and a plaque remover tip.

Sonic toothbrush included

You will also find a sonic toothbrush in the pack to help you take even better care of your oral hygiene. It will help you brush your teeth much more thoroughly than a normal toothbrush! The device also offers a choice of different modes. This means that it can easily satisfy even the most diverse user needs.
