Bicycle full finger gloves Rockbros size: L S169-1BR (red-bl)

Rockbros cycling gloves S169-1BR

Looking for durable and comfortable cycling gloves? Then opt for the Rockbros S169-1BR! Enjoy more comfort while riding and forget about blisters. The gloves are made of breathable materials to prevent sweating. They have the added benefit of gel pads, which are perfect for absorbing shocks and guaranteeing even greater comfort.

Enjoy the ride

Do you spend long hours on your bike? Take care of your comfort and say goodbye to painful blisters! Rockbros gloves are extremely lightweight and have been created with breathable materials to ensure your comfort while riding. Special pads are responsible for reliable shock absorption and the non-slip surface guarantees a firm grip. Furthermore, the Velcro fastening allows you to better adapt the gloves to your needs.

Improved design

High-quality nylon is used to make the gloves, which translates into high durability and resistance to damage. They will serve you well for a long time! They are ideal for summer rides. What's more, the fingerless gloves allow you to use your smartphone comfortably. So you can reply to messages, check your route on the map or pick up the phone at any time.
