

Joyroom JR-BP560S Passive Stylus Pen (Silver)

Ref: 6941237159687

Joyroom JR-BP560S Passive Stylus Pen (Silver)

Joyroom passive stylus pen JR-BP560S (silver)

Make it easy to write and draw on your tablet or phone. The Joyroom JR-BP560S passive stylus pen guarantees smooth operation and lightning-fast response. Compatible with most touch devices, it also provides a comfortable user experience. The kit also includes a spare tip and a special glove so you can rest your hand on the tablet screen at any time.

Smooth and pleasant to work with

Now you can comfortably take notes, draw on your tablet or play games. The Joyroom stylus features high touch sensitivity and allows you to work smoothly and comfortably. Forget about delays and enjoy precision! What's more, with the included glove, you can put your hand on the screen of your smartphone or tablet without worrying about accidentally pressing something. Say goodbye to wrist pain!

Comfort of use

The product is extremely lightweight and pleasant to the touch. It fits perfectly in the hand for comfortable use. What's more, the passive stylus does not require charging, Bluetooth connection or the use of apps. This means that it can always be ready to use! The product also comes with a magnetic protective cap to protect its tip from damage.

Specially designed tip

Get the precision you need and take notes, highlight key information in documents and even draw without any hindrance. The Joyroom stylus features a specially designed round tip and can be guided at different angles. A spare tip is also included - so you can easily replace it if needed.

Wide compatibility

Forget about compatibility issues. The Joyroom passive stylus will work perfectly with most touch devices on the market. Android smartphones and tablets, iPhones, iPads - whatever hardware you use, now you can comfortably draw, take notes and more!
