Smartwatch Joyroom JR-FT3 Pro Fit-Life (Grey)

Joyroom JR-FT3 Pro Fit-Life Smartwatch (dark gray)

The Joyroom JR-FT3 Fit-Life smartwatch is equipped with a TFT display and provides high image quality. It works for up to 10 days on a single charge, and takes about 2 h to charge. It's lightweight and comfortable, so you can wear it for long periods of time. It will also let you take care of your fitness with 20 sports modes and monitors your heart rate around the clock.

TFT display

The Joyroom JR-FT3 smart watch is equipped with a 1.83" TFT display, so it provides HD quality images. From it, you can easily read notifications, adjust settings and use watch functions. The device also offers a variety of dial designs to choose from and offers the option to attach a photo of your choice, allowing you to further personalize the look of the smartwatch.

Long working time

Are you worried that the smartwatch will suddenly discharge? Don't be! The device is equipped with a 150 mAh battery, which provides up to 7 days of operation with daily use, and up to 10 days with power saving enabled. On the other hand, it remains in standby mode for about 20 days. A magnetic cable is included, with which you charge the JR-FT3. After about 2 hours, it will be ready for further use.

Lightweight and comfortable

The Joyroom JR-FT3 smart watch features an ergonomic design, so you can wear it for long periods of time without worrying about feeling tired or uncomfortable. It weighs less than 35 grams and is 8.8 mm thick. In addition, it is IP68 water resistant, so you can successfully take it to your workout without worrying about damage.

For the sake of your health

Smartwatch Joyroom JR-FT3 will allow you to control the most important parameters and react quickly to worrying symptoms. It monitors your heart rate around the clock, measures blood pressure and blood saturation. In addition, it records data on your sleep, helping you eliminate bad habits.

20 sports modes

Take care of your fitness with the Joyroom JR-FT3. The smartwatch is equipped with a motion sensor and offers 20 sports modes, including badminton, running, soccer, swimming, basketball or cycling. Choose the right sport for you!

Convenient access to functions and settings

The Joyroom JR-FT3 smartwatch allows you to conveniently answer and make calls, take photos remotely - just by gently shaking your wrist. It allows you to read notifications, set an alarm clock, or manage your music player. It also offers a "find your smartphone" function if you forgot where you put it down.
