Earphones OWS OneOdio Open Rock Pro T1 (black)

Ref: 6974028140762

Oneodio Open Rock Pro T1 black

Take your favorite music to your workout and enjoy long-lasting comfort. The Oneodio T1 wireless headphones feature an ergonomic design, and you can customize them to suit your needs. In addition, they fit snugly on your ears, so they'll work well for running. They are water resistant (IPX5), and the noise-canceling microphones allow you to talk freely on the phone. In addition, they run for about 19 h on a single charge, and will play music for 60 min after a 5 min charge.

Bass-rich sound

The Oneodio Open Rock T1 headphones will let you discover previously unrecognized details of your favorite songs. They use TubeBass technology that emphasizes low frequencies, allowing you to enjoy deep bass tones, rich detail and clear sound.

Comfort of use

Don't be afraid of discomfort and fatigue, even during prolonged use of Open Rock T1. The headphones are distinguished by their open design, which helps protect your hearing from damage. What's more, you can hear what's going on around you for added safety. In addition, thanks to special hooks, you will adjust them to your needs - you don't have to worry about them falling out of your ears.

Up to 19 hours of uninterrupted music

Take the Oneodio T1 with you to the gym, to work, on a trip and don't worry about a quick drain. The Open Rock headphones run for about 19 h on a single charge, and the included case extends that time to up to 46 h. In addition, after 5 min of charging, they can play music for about 60 min. What's more, the USB-C cable makes charging easy.

Noise-canceling microphones

Have you gone for a walk, or maybe you are at work and someone has just called you? Now you can comfortably carry on conversations no matter where you are. Oneodio headphones use noise-canceling microphones, effectively eliminating outside noise.

Water resistant

Water, sweat, dust - the Oneodio T1 headphones are ready for it. Open Rock feature IPX5 splash resistance, so you don't have to worry about damaging them. Take them with you on your morning jog, to the gym or fitness center and pass the time with your favorite music or podcast.

Bluetooth 5.2 - interference-free connection

Oneodio lets you enjoy the convenience that wireless offers. The use of the aptX codec reduces distortion, and Bluetooth version 5.2 ensures high signal quality. What's more, the headphones quickly connect to a compatible device, so you'll be ready to go in no time.
