Oneodio Monitor 80 Headphones

The Oneodio Monitor 80 headphones deliver Hi-Res class sound, letting you enjoy your favorite tunes in a new way. They will work well both for listening to music and in the recording studio. In addition, the ergonomic design ensures long-lasting comfort. You can also fold the headphones if you temporarily don't use them and store them in the case (included). The package also includes 2 audio cables with which you can connect the Oneodio Monitor 80 to a compatible device.

Hi-Res Class Sound

Rediscover your favorite tunes with the Monitor 80. The headphones are equipped with 2 polymer drivers with a diameter of 40 mm, providing high-quality sound. As a result, you can enjoy richly detailed sound with low distortion. For even better results, it is recommended to use the product together with a sound amplifier. The Oneodio headphones will also appeal to musicians, music producers, etc.

Ergonomic, foldable design

Enjoy long-lasting comfort while using the Oneodio Monitor 80. The earcups are covered with velvet, which translates into comfort, and the stainless steel mesh contributes to sound quality. In addition, the headphones are distinguished by their foldable design, so they won't take up much space. You'll also find an EVA plastic case to safely store the Monitor 80.
