OneOdio Pro M headphones

Listen to music, watch movies or play games - ensure fantastic sound quality in almost any situation. The OneOdio Pro M headphones are equipped with 50-millimeter drivers and can work both wirelessly and wired. Their operating time reaches 90 hours on a single charge, and Bluetooth 5.2 guarantees a reliable connection. You'll also find a special cable with a microphone included.

Delightful 3D surround sound

Discover previously unknown details of your favorite songs and enjoy greater immersion during gameplay. The headphones are distinguished by high-end 50mm drivers, so they can deliver fantastic 3D surround sound quality, stunning HiFi sound and powerful, emphasized bass. Give yourself an unforgettable musical experience or immerse yourself even further in the world of your favorite game!

Wireless operation

Free yourself from cables and gain almost unlimited freedom. The headphones can connect to selected devices wirelessly - Bluetooth 5.2 guarantees fast, stable and reliable transmission. Their operating time is up to 90 hours - don't be afraid that they will refuse to serve you too soon. An additional advantage of the Pro M model is the built-in microphone, so you can comfortably talk on the phone. What's more, the CVC 8.0 noise cancellation technology will ensure that your callers can hear you without any problems.

Cable with microphone included

The headphones can also work wired. The set includes a durable cable, with which you can easily connect them to your phone or computer. It also includes a microphone that will perfectly record your voice, while reducing unnecessary background noise. This allows you to talk on the phone, attend meetings or communicate with other players. What's more, the remote control integrated into the cable allows you to conveniently adjust the volume and pause playback, among other things.

Take care of your comfort

Enjoy dreamlike comfort even during prolonged use of the headphones. The Pro M model offers soft earcups made of protein leather that fit snugly around your ears without pressing them. The foldable design and the included carrying pouch make it easy to transport the device, while special buttons allow for convenient operation. In addition, the adjustable headband allows you to further customize the headphones to your needs.

Wide compatibility

Comfortably listen to music played from your phone, and then play your favorite game on the console. The OneOdio headphones will give you great sound quality in almost any situation. The M Pro model is compatible with many popular devices such as smartphones, laptops, tablets and computers. You can also easily connect it to the Nintendo Switch console, PlayStation 4 / 4 Pro or the new version of the XBOX One S controller.
