### Oneodio Monitor 40 headphones

The Oneodio Monitor 40 headphones will work well both on a daily basis and in the recording studio. They deliver high-quality sound thanks to 50mm drivers, and the ergonomic design provides long-lasting comfort. You can also fold the headphones and store them safely in a case (included). In addition, you can successfully connect them to various devices with the included cables.

### Ergonomic and foldable

The headphones are perfect for prolonged use. They are equipped with soft earcups made of breathable material and a headband with an adjustable function. What's more, they are distinguished by their foldable design, so they won't take up much space, and the included case will allow you to store them safely.

### Wide compatibility

Don't worry about compatibility issues - the Oneodio Monitor 40 headphones work with smartphones, tablets, laptops, or Nintendo Switch and PS4/PS5 game consoles. In addition, they will prove themselves when recording music - you can easily connect them to a mixer. In addition, you can connect 2 pairs of headphones together to share music with a loved one. And connecting the Monitor 40 to the equipment of your choice is made easy with cables: 3.5 to 3.5 mm with microphone and 3.5 to 6.35 mm (included).
