

## Wireless Mechanical Keyboard Delux KM33 BT RGB (grey&white)

Ref: 6938820414124

Wireless Mechanical Keyboard Delux KM33 BT RGB (grey&white)

Delux KM33 BT RGB Wireless Mechanical Keyboard (gray and white)

KM33 will be perfect for your home and office. The keyboard has a classic, stylish design, and thanks to its compact size, it won't take up much space on your desk. Connect the keyboard permanently with a USB cable or use Bluetooth 5.0 and enjoy wireless, comfortable operation.

Designed for comfortable work

The keyboard is equipped with 61 standard keys and brown Outemu switches, making it suitable for both gaming and work. The high keys increase comfort and ensure confident, stable typing and gaming. Its advantage is its compact design, which guarantees tidiness on your desk and convenience wherever you need it.

Plug&Play - guarantee of simple operation

Its classic, stylish design and compact size make it ideal for a wide variety of applications. Work, play games and browse your favorite websites - the Delux keyboard will provide you with unparalleled comfort of use and fast, smooth operation.

The freedom of a long cable

If you prefer a wired solution, a long cable is included, allowing you to position the keyboard anywhere on your desk. With its help you

can easily charge your device. The cable is distinguished by its sturdy construction, and the additional braid provides it with resistance to damage and wear, so it will successfully serve you for a long time.
