Mechanical keyboard Motospeed CK107 RGB (black)

Ref: 6953460501331

Motospeed CK107 mechanical keyboard

Motospeed is a guarantee of quality for e-sports gamers. The size of the keyboard is perfectly matched for comfortable and relaxed use. The keyboard's professional lighting system makes it easy to interact with the device. It will perform well both during work and gameplay thanks to the red switches. Anti-ghosting technology ensures precision, and wide compatibility allows you to connect the accessory to Windows XP/7/8/10 devices.

Professionalism and simplicity

The keyboard system combined with the lighting system is a streamlining of work at the computer. The design of the device is adapted primarily to the needs of gamers. You can also customize the look of the keyboard to your preferences by choosing from 14 available backlighting modes.

Reliable durability of the keys

Working for even longer and being reliable in any situation - this is what sets the Motospeed CK107 keyboard apart. The lifespan of its keys is about 50 million key presses, which means it will serve you brilliantly for many years.

With gamers and e-sports in mind

Thanks to red switches, gaming is not only pure pleasure, but also comfort. The CK107 keys will surprise you with their responsiveness and reliable performance. With Motospeed you can freely perform even the most complex combinations during gameplay. This is possible thanks to anti-ghosting technology, which prevents accidental pressing of unwanted keys.
