Active Dual-Mode Stylus Pen Holder Joyroom JR-K12 (black)

Joyroom active stylus JR-K12 (black)

Want to make drawing on touchscreen devices easier? The Joyroom stylus will be perfect for you! It will provide smoothness and precision, which will make you able to do even very precise works with it. You don't have to worry about quick drainage, as one fully charged battery will allow you to work for up to 12 hours!

Convenience of use

The Joyroom stylus can work in two different modes, so you can adjust it to your needs. It has also been equipped with an accidental touch prevention feature that will work on selected hardware models. In addition, to make it easy to transport with iPads, you can attach the stylus to the side of your device (only works with the iPad Pro 11" and iPad Pro 12.9").

Precise operation

The Joyroom active stylus will replace your finger perfectly, as it stands out for its excellent precision performance. You also don't have to worry about delays or interruptions in its operation, as it exhibits increased sensitivity and a more accurate signal.

Long work

The Joyroom stylus has a working time of up to 12 hours, as it is equipped with a 110 mA battery. Moreover, you will charge it in as little

as 90 minutes. Just turn it on and it will be ready to work. You don't need to install any additional applications anymore! What's more, in order to save energy, it will go to sleep after 30 minutes of non-use.

Versatility

The Joyroom JR-K12 stylus is compatible with many touchscreen devices, so it is a very versatile gadget. What's more, it will work perfectly equally on both Apple and Android software. With Joyroom, there will be no more limitations!
