Joyroom RGB Wireless Speaker JR-ML05

The Joyroom wireless speaker provides high quality sound, plus it looks great. What sets it apart is its multiple connectivity options, as well as its unique RGB backlighting. What's more, its battery is environmentally friendly and gives it a long runtime.

Unforgettable experience

With 8 watts of power, the Joyroom wireless speaker will give you an unforgettable music experience. It guarantees crystal clear sound and surprising bass. What's more, you can customize it according to your needs, as you can choose up to 4 different light modes. This will help you create an unforgettable atmosphere in the room with your favorite songs.

Wireless connection

With the JR-ML05 speaker, you can listen to music the way you like it best, as it has several connection options. You can choose from TWS, AUX, SD and Bluetooth 5.3 modes, and you don't have to worry about the wireless connection as it provides fast and stable transmission up to 10 meters!

Large battery

The Joyroom speaker is equipped with a large 1500 mAh environmentally friendly battery. It guarantees a long working time. Moreover,

you don't have to worry when its energy runs out, as you can easily charge it with a USB-C cable in just 3.5 hours!

Phone calls

The JR-ML05 will work well not only for listening to music, but also for phone calls. The built-in HD microphone will give you crystal clear calls. You don't have to worry about distance anymore. From today you can talk freely from anywhere.
