Ref: 6932112101518

Wall charger Choetech PD5006 30W, A+C dual port (black)

Choetech PD5006 mains charger, 33W (black)

Full freedom and short charging time are guaranteed by Choetech PD5006 mains charger. It has USB and USB-C ports, stands out for its high compatibility and provides 33W of power. It supports PD 3.0 and QC 3.0 protocols, which allows much faster replenishment of batteries without the risk of damaging them. The charger's compact design makes it fit in any backpack, bag or even pocket.

Instant charging

The product supports popular fast charging protocols, so you won't be waiting long for your devices. With the Choetech charger you will charge 2 devices at the same time, and since the product features a wide range of input voltages, you can use it to charge both small and larger electronics without worry.

Full protection for your devices

The wide range of input voltages makes the charger great for traveling. You can plug it into outlets with different electrical standards without worry. What's more, the product automatically recognizes the connected devices and provides them with a supply of current at the right level. Thanks to this, your equipment is fully protected against short-circuiting, short-circuiting, charging too fast or overheating. You don't have to worry about damaging them!
