Foldable Tablet Holder Sunnlylife for DJI RC-N1 controller (Z

Sunnlylife tablet holder for DJI RC-N1 controller (ZJ508)

Make your work easier and mount a tablet holder on your DJI RC-N1 controller. The product allows you to place the screen above the controller, so you can fly comfortably and have direct access to the image from your drone. The mount is compatible with tablets and phones of various sizes (7.9/9.7/10.2/10.5/11 inches) and does not obstruct the display. What's more, the product is collapsible, so it doesn't need to be disassembled after the activity - just fold it and store it together with the controller in the case. You can also buy a belt cap with which the holder is compatible and ensure full comfort while flying.
