Charger 20W Dual-Port (QC3.0+PD) Joyroom L-QP2011 (white)

Joyroom 20W Dual-Port (QC3.0+PD) Charger L-QP2011 (white)

Use the Joyroom L-QP2011 charger to charge up to 2 devices simultaneously in a short time. The product supports various fast charging standards, and its output power reaches 20 W. It also ensures safe use and is extremely compact - you can always have it on hand.

#### Fast charging function

Forget about the long wait until your devices are ready to use again. The charger supports various fast charging protocols, including PD3.0, QC3.0, AFC and FCP. It also provides up to 20 W of power. All this means that you can charge your iPhone, Samsung or Huawei smartphone with it in no time.

#### 2 available ports

Charge 2 devices at the same time - no more waiting for one to be ready before you plug in another! The charger is equipped with 2 ports - USB-A and USB-C. So you can charge, for example, 2 smartphones or a tablet and wireless headphones at the same time. Say goodbye to limitations!

#### Safe charging

Enjoy not only fast, but also safe charging of your devices. The charger has received multi-level protection against overvoltage,

overcharging, overcurrent and short circuit, among others. In addition, thanks to a smart chip, it will not overheat.

#### Compact design

The L-QP2011 charger is not only powerful and functional, but also compact enough to accompany you almost anywhere. You can easily fit it in your purse or backpack - take it on vacation, on the train or to your dorm! With Joyroom you have the ability to quickly charge your devices wherever you go.
