

Data Cable to USB-A / Lightning / 2.4A / 2m Joyroom S-UL012A

Ref: 6941237196453

Data Cable to USB-A / Lightning / 2.4A / 2m Joyroom S-UL012A

Data cable to USB-A / Lightning / 2.4A / 2m Joyroom S-UL012A20 (blue)

Protect your iPhone's battery and keep it safely charged. The Joyroom S-UL012A20 cable allows you to instantly replenish power at 2.4A and provides full protection against overheating and overcharging. It is iOS-compatible and features robust construction, high damage resistance and an interesting design.

Safe charging

The cable supports fast charging protocols and transmits current at up to 2.4 A. The short charging time effectively reduces the temperature, so you don't have to worry about your phone's battery overheating or overcharging. On the contrary! Instant charging allows you to significantly extend its life.

Improved design

The cable will successfully serve you for a longer period of time. Its connectors have been coated with a layer of gold, providing even better connectivity and resistance to oxidation, rusting and damage. What's more, the thickened core is distinguished by high conductivity and ensures stable energy transmission without interference. The cable has gained an additional braided nylon braid, which makes it so durable! It is not afraid of pulling, bending and tangling. Also noteworthy are the reinforced ends, bending of which will not cause damage.

Manufacturer

Joyroom
