Wireless earphones TWS Foneng BL128, Bluetooth 5.2 (black)

Wireless earphones TWS Foneng BL128, Bluetooth 5.2 (black)

Are you looking for headphones that not only impress you with their sound, but will also be very comfortable to wear? The Foneng BL128 will be perfect for you! Thanks to Bluetooth 5.3, they will guarantee you a stable and constant connection. What's more, you can carry them with you at all times thanks to their lightweight and compact design.

Wireless connection

The Foneng BL128 headphones are an innovative solution for music lovers and smartphone users who want high quality sound and comfortable use. The headphones connect to devices via Bluetooth 5.3, allowing for a stable connection at distances of up to 10 metres.

Long operating time

One of the greatest strengths of the Foneng BL128 headphones is the music playback time, which is up to 7 hours. In addition, the headphones have a large battery with a capacity of 3.7 V / 35 mAh, allowing you to use them for longer without charging. If required, the case with the large 3.7 V / 230 mAh battery allows the headphones to be charged in as little as 1 one hour while in storage. What's more, you can easily charge the case with a USB-C cable.

Comfortable to use

The headphones weigh just 46.3 g and measure 49 × 43 × 23 mm, making them very easy to transport. The BL128 also guarantees clear phone conversations, so you can enjoy high-quality sound during calls. It is worth noting that the headphones offer a very comfortable and stable fit in the ear, which will ensure that you are comfortable for a long time.
