Wireless neckband silicon earphones Foneng BL31 (black)

Foneng BL31 silicone neckband wireless headphones (black)

Let your favorite songs make your workouts more enjoyable. The Foneng BL31 headphones provide great sound quality and are very comfortable. Bluetooth 5.0 provides reliable wireless transmission, and the built-in microphone allows you to talk freely on the phone. Also noteworthy is the long operating time of the headphones, which reaches 7.5 hours.

Comfort of use

The headphones were created with your comfort in mind. They fit perfectly in your ears and won't fall out of them - even when you move and exercise a lot. What's more, high-quality silicone is used for the BL31, which is pleasant to the touch and skin-friendly. The headphones also have built-in magnets, which make them much easier to use and store, reducing the risk of tangles.

High quality sound

Get even more enjoyment out of every workout. The BL31 headphones guarantee excellent Hi-Fi level sound quality. Thanks to their carefully considered design, they can provide exceptional richness of detail, ear-pleasing mids and highs, and deep, powerful bass. With Foneng, you'll rediscover your favorite songs! The BL31 also has a built-in microphone that will allow you to talk comfortably on the phone.

Bluetooth 5.0

Forget about annoying connection problems. The headphones use state-of-the-art Bluetooth 5.0 technology to deliver fast, stable transmission, greater noise immunity and lower power consumption. No more delays and insufficient signal quality! What's more, the product stands out for its wide compatibility - it works perfectly with Android, iOS and Windows.

Long working time

You no longer have to worry that the headphones will suddenly discharge and prevent you from listening to your favorite songs during your workout. The BL31 is equipped with a durable 120 mAh battery. Its operating time on a single charge is up to 7.5 hours! With Foneng you listen to music for as long as you want.
