Mosquito lamp, UV, 20W, IP65, 220-240V Blitzwolf BW-MK010 (b

Mosquito lamp, UV, 20W, IP65, 220-240V Blitzwolf BW-MK010 (black)

Want to get rid of intrusive insects from your environment? The Blitzwolf mosquito lamp will be perfect for you! It will attract not only mosquitoes, but also moths or flies. It will safely get rid of unwanted visitors without the use of harmful chemicals and sprays.

Effective protection

The 20 W UV lamp will attract mosquitoes, flies, moths and other flying insects, bringing you comfort and peace of mind. You can easily get rid of unwanted guests from your environment with the 365 nm violet light. From now on, you can enjoy a peaceful barbecue with friends as well as sleep.

Comfortable to use

The mosquito lamp has been developed with comfort in mind, which is why it is equipped with a replaceable fluorescent tube with a service life of 8,000 hours. What's more, it shows resistance to high temperatures and the sun. It will also be easy to clean. Simply pull out the tray and clean it with the special brush included.

Waterproof

You can use the BW-MK010 both indoors and outdoors, as it is water-resistant to IP65. This means that it is unaffected by snow or rain. What is more, it works at a range of up to 80 m², thus providing comprehensive protection against flying insects of all kinds.

Safety

The mosquito lamp is not only highly functional, but also safe to use. It is made of strong and durable ABS material. What's more, it is specially protected to prevent injuries and electric shocks. It will safely help you get rid of all kinds of flying insects without using dangerous chemicals, insecticides or sprays.
