

Fast charger Foneng 1x USB PD 3.0 EU39 + USB C to Lightning

Ref: 6970462517436

Fast charger Foneng 1x USB PD 3.0 EU39 + USB C to Lightning

Fast charger Foneng 1x USB EU39 + USB C to Lightning

Save time with the Foneng EU39 fast charger. The product features a USB-C port, supports PD 3.0 fast charging protocols and is suitable for topping up iPhones with 20 watts of power. It's made of sturdy, fire-resistant materials and ensures safe charging of devices. You'll find a USB-C to Lightning cable included.

For wide use

The Foneng EU39 charger is suitable for use with power outlets of different standards. It accepts 100-240V current, making it great for traveling. It adjusts the current and voltage to the connected devices, so you will successfully charge not only your phone, but also smaller electronics. Moreover, it has a number of electronic protections such as OVP, OTP, OLP, OCP, so you don't have to worry about overheating, short circuit, etc. FCC certification guarantees that the product meets all technical standards.
