

Cable USB to Lightning LDNIO LS553, 2.1A, 2m (white)

Ref: 5905316143906

Cable USB to Lightning LDNIO LS553, 2.1A, 2m (white)

LDNIO LS553 USB to Lightning cable, 2.1A, 2m (white)

Get the ability to charge your Lightning-enabled devices faster. The LDNIO LS553 cable offers an amperage of up to 2.1A and also allows you to transfer files in a short time. It also features durability and damage resistance - it will serve you well for a long time. Its length is 2 m.

Efficient and reliable performance

Do you want to charge your devices in the shortest possible time? The LS553 cable will not let you down! With a current of up to 2.1 A, your iPad or iPhone will quickly renew its energy - no more waiting too long. What's more, it allows you to transfer files in the blink of an eye - so you can copy photos or documents in the blink of an eye.

High-quality workmanship

Environmentally friendly materials have been used in the construction of the cable, giving it exceptional flexibility and durability. Even repeated bending or pulling will not pose a major threat to it! What's more, the product has been additionally reinforced and care has been taken to protect its most vulnerable parts. Furthermore, the cable will not become excessively tangled.
