Dareu UFO 2.4G wireless mouse (gray)

The Dareu UFO Wireless Mouse will come in handy every day at work or when browsing the Internet. You will connect it to compatible equipment in 2 ways. In addition, it connects to 2 devices simultaneously. Responsible for its power supply are max. 2 AA batteries, and the ergonomic design translates into comfortable use.

Wireless operation

Say goodbye to cables that are too short or tangled. The Dareu UFO mouse operates wirelessly for convenient use. It connects to a compatible device in the 2.4G band or via Bluetooth. As a result, you can enjoy a fast and stable signal of up to 10 meters. In addition, you will connect it to 2 devices simultaneously - press the dedicated button to switch between them.

Efficient power supply

Don't be afraid that the mouse will refuse to serve you at the least opportune moment. The Dareu UFO is powered by 1 or 2 AA batteries and doesn't consume much power. This translates to about 12 months of operation.

Quiet operation

Customize the mouse's operation to suit your needs. Dareu UFO allows you to choose between 2 modes of operation. The first one is

distinguished by quiet operation, so it will be perfect, for example, when you work at night. The second, on the other hand, provides slightly louder operation - so you can use it in the office.

Ergonomic

The Dareu UFO mouse features an ergonomic and lightweight design, so you can use it for a long time without feeling tired. What's more, it provides smooth operation - so it will work well on a variety of surfaces. In addition, it has a place to store the USB receiver - you don't have to worry about losing it.
