

Orico 2.5" External Hard Drive Enclosure + USB 3.0 (5Gbps)

Ref: 6936761871266

Orico 2.5" External Hard Drive Enclosure + USB 3.0 (5Gbps)

Orico 2.5" External Hard Drive Enclosure

Turn your old hard drive into a useful file storage tool. This transparent external enclosure from Orico supports up to 4TB capacity and data transfer speeds of up to 10Gbps. Easy to install and rugged - it will work for many applications. The product is compatible with most 2.5" HDD/SSD with SATA port. It also includes a USB-C to USB-C cable.

Even faster data transfer

The USB 3.1 to SATA 3.0 connection and the enhanced chip enable file transfers of up to 10 Gbps. So you can copy all the documents you need in no time. The fast data writing and reading speeds not only allow you to conveniently back up data, but also to watch HD movies or play games, for example.

Comfortable to use and durable

The product is made of durable PC material, which provides shock and scratch resistance, durability and extremely low susceptibility to wear and tear. Another advantage of this enclosure is that it is transparent, so you can easily see which hard drive is inside and find the right files. You don't have to describe everything anymore, just take a look!

Power Saving

Mobilemax - Gadgets and Accessories

Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal
(Continente)

The enclosure is built with smart features that help you enjoy even more performance and reliability. After 10 minutes of inactivity, the device automatically goes into sleep mode, which not only reduces power consumption but also ensures your safety.

More storage space

You no longer have to worry about running out of space to store your files. The Orico chassis supports hard drives up to 4 TB. This means that you can easily store a lot of pictures, music, movies, documents and even programs. Your possibilities are almost unlimited!

You can install it without tools

The enclosure is extremely easy and quick to install. You do not even have to use additional tools - just slide the specially designed cover. The product is also distinguished by a wide compatibility. You can easily install all kinds of 2.5" hard drives with SATA port.
