Headphones TWS Choetech Solar sport (black)

TWS Choetech Solar sports headphones (black)

With Choetech Solar sports headphones you will enjoy complete comfort while listening to your favorite songs. They have a powerful battery, allowing up to 5 hours of continuous use. They support Bluetooth version 5.0 connection, which is responsible for a reliable, stable connection at a distance of up to 15 meters. They support the HFP and HSP protocol, so you can talk freely on the phone without having to take your smartphone out of your pocket. The product features an ergonomic design and provides long-lasting comfort.

Powerful performance

Now you can enjoy the full freedom of using the headphones! They work wirelessly, using Bluetooth version 5.0 connection. This means that you get stable transmission without interference at a distance of up to 15 meters! The Audio S/N ratio is about 95 dB, which means clear sound in exceptional quality. Once you take one earphone out of your ear, you are free to continue listening to music.

Free conversations

The headphones use a digital microphone with 38 dB sensitivity and support protocols for free phone calls. You don't have to hold your smartphone for your caller to clearly hear what you have to say to them. Enjoy complete freedom with Choetech Solar sports.

Convenient charging

One charge guarantees about 5 hours of musical experience. Noteworthy is the solar panel that the charging case is equipped with - with

its help you will extend your listening time up to 35 hours. You will charge the case with the help of a USB-C cable or by exposing it to sunlight. Information about the battery status will provide you with LED indicators.

Included

Charging case with solar panel x 1
