

Cable USB-C do USB-C 3.1 Choetech XCC-1007 100W 2m (black)

Ref: 6971824975222

Cable USB-C do USB-C 3.1 Choetech XCC-1007 100W 2m (black)

Choetech XCC-1007 USB-C to USB-C cable, 3.1 GEN2 100W 2m (black)

The Choetech XCC-1007 cable will provide safe charging for devices with a power consumption of 100W. It supports popular protocols and is designed for fast performance. It allows data transfer at 10 Gbps and instant charging of devices powered by a USB-C cable. The product is made of sturdy materials and features a nylon braid, making it extremely resistant to wear and tear and sure to serve you for a long time.

Instant charging and data transfer

Don't waste any more time waiting. The cable supports popular fast charging protocols such as PD and QC, which means it won't take you long to replenish your phone or laptop. What's more, it supports data transmission at a maximum speed of 10 Gbps, so transferring large files will literally take you no time at all!

Robust design

The cable is made of aluminum, which is covered with a nylon braid. As a result, it stands out not only for its high conductivity, but also for its resistance to wear and tear. The nylon braid means that it won't be harmed by bending or pulling. It also won't get tangled, so you don't have to worry that it will quickly refuse to serve you.

Manufacturer

Choetech

Model

XCC-1007

Material

Nylon, aluminum

Connectors

USB Type C

Maximum Transfer

10 Gbps

Maximum operating current

100 W (20 V / 5 A)

Connector type

USB Type C

Fast charging

PowerDelivery, Quick Charge
