Smartwatch Colmi C80 (black)

Smartwatch Colmi C80 (black)

The Colmi C80 smartwatch is perfect for everyday use. It provides convenient and clear access to notifications and settings thanks to its 1.78" AMOLED display. Moreover, it offers various modes and will allow you to take care of your health - it measures heart rate, blood pressure, blood saturation and monitors sleep. In addition, it allows you to make Bluetooth calls and is IP67 water-resistant - you can use it without worrying about splashes.

### AMOLED display

The smartwatch is equipped with a large 1.78" AMOLED display and offers a 368 x 448p image resolution. This makes operating the C80 easy and convenient, and accessing information is clear. You can also personalize the appearance of the smartwatch by choosing from the available dial designs and menu layout. In addition, the device displays the time in standby mode.

### Lightweight and stylish

The Colmi C80 will match almost any style. It was created from zinc alloy, so it looks great together with the glass display. What's more, the silicone strap is pleasant to the touch. In turn, the weight of no more than 36 g and a thickness of 11 mm translates into a high comfort of use.

Ref: 6972436984220

#### Magnetic charging

The smartwatch is equipped with a 260 mAh lithium-polymer battery and runs for about 5-7 days, and stays in standby mode for about 30 days. What's more, a magnetic charging cable is included - after 2 h it will be ready for further use.

#### Convenient Bluetooth connections

Another advantage of the Colmi C80 smartwatch is the ability to make Bluetooth calls. The smartwatch is equipped with a microphone and speaker, which allows you to make calls conveniently. Now you can easily answer or make an incoming call without having to reach for your smartphone.

#### Will allow you to take care of your health

The smartwatch is equipped with several useful functions that will allow you to monitor your health. The device measures your heart rate and blood pressure around the clock, offers breathing exercises and measures your blood saturation. In addition, it monitors the length and quality of your sleep, so you can improve your habits and get better sleep. What's more, it will remind you to drink water and change position if you sit too long.

#### More than 100 sports modes

Choose from 100 available sports modes and improve your performance. Sports such as swimming, mountain climbing, cycling, yoga, etc. are available. After installing the FitCloudPro app, you gain access to options such as dancing, karate, skiing and more. What's more, the smartwatch automatically recognizes certain activities and records measurements such as heart rate to get a better understanding of your body and further customize your workouts.

#### More convenience

To make sure your data is safe, you can set a password, for privacy. What's more, the smartwatch offers a voice assistant, making using the Colmi C80 even more convenient. It is also possible to control the music player, view notifications from apps, check the weather forecast, or take photos remotely.
