Aigo B352 computer case

Design your computer with the Aigo B352. The computer case allows you to mount 2 HDD and SDD each, as well as 2 120mm fans. In addition, it is compatible with motherboards with ITX, ATX and M-ATX standards, and the USB.30 port enables high-speed data transfer. In addition, it features an elegant and stylish design.

Effective cooling

The Aigo B352 computer case allows the installation of 2 120mm fans (1 at the front and 1 at the back). What's more, the product's well-thought-out design and efficient ventilation system effectively prevent computer components from overheating.

More expandability

The product is compatible with various components, so you can build your dream computer. The Aigo B352 allows you to mount a graphics card with a maximum length of 345 mm and a CPU cooler with a maximum height of 160 mm. It also supports HDD and SDD drives.

Useful ports and buttons

The Aigo B352 puts access to the most important functions at your fingertips. The front panel features power and reset buttons, as well

as several ports, including x2 USB2.0 and x1 USB3.0 for fast data transfer. In addition, the chassis offers 2 HD Audio ports.
