Portable hand warmer, Powerbank 5200mAh Blitzwolf BW-P15 (red)

Get ready for winter and don't let the cold spoil your mood. The Blitzwolf BW-P15 portable hand warmer will allow you to warm your hands quickly, and will also work well as a powerbank. It heats up in just about 3 seconds and offers 3 temperature levels to choose from. Its battery capacity is 5200mAh, which translates into a long runtime. The device is also distinguished by its lightweight, compact design.

It will heat up in just 3 seconds

Do you often have cold, frozen hands? The Blitzwolf warmer will help you solve this problem! The device generates heat from 2 sides and heats up in no time - just about 3 seconds! Just hold it for a while to warm up and forget about the unpleasant cold.

3-stage temperature control

Adjust the operation of the heater to your needs. The device allows you to choose from 3 temperature levels. The available options are Low (35-42°C), Medium (40-48°C) and High (48-55°C). Try all the settings and ensure pleasant warmth regardless of the weather!

Handy powerbank

The heater can also serve as a powerbank, with which you can easily charge your smartphone or tablet. It is equipped with a durable 5200mAh battery, which provides a runtime of up to 4-8 hours. Charging the device will only take about 2-3 hours.

#### Safety of use

The device has been designed to ensure maximum safety of use. It has received effective protection against overheating, overcurrent, overvoltage and short circuit. As a result, you don't have to worry about damaging it.

#### User-friendly

This practical heater can accompany you almost anywhere - at work, on the bus, shopping or on a winter walk. It weighs only 135g and is compact enough that you can easily fit it in your purse or backpack. The device is also very easy to use. Information about its operation will be provided to you by the built-in indicators.
