Gaming Headphones Havit H2038U RGB (white)

Play games and enjoy high-quality sound. The headphones will let you hear even the smallest details thanks to their 50-millimeter drivers and 7.1 surround sound. What's more, the omnidirectional microphone ensures free communication, and the lightweight and ergonomic design guarantees hours of comfort. In addition, RGB backlighting makes the headphones look great.

7.1 surround sound

Immerse yourself in gameplay with the Havit H2038U. The headphones are equipped with a Generalplus chip that allows you to hear more details, such as gunfire, approaching vehicles, etc. for even more immersion. In addition, the 50 mm drivers provide ear-pleasing mid and treble tones and deep bass.

Omnidirectional microphone

Freely plan strategies with other players. The Havit H2038U use a high-quality omnidirectional microphone, which means it picks up sounds from all sides. So you can be sure that your interlocutors will hear you loud and clear. What's more, you can adjust the position of the microphone 360° and detach it if you temporarily don't need it.

Ergonomic design and RGB backlighting

The headphones are designed for comfort and long-term use. Their weight does not exceed 347 g, which, combined with soft earcups, provides unparalleled comfort. You can use them during a gaming marathon without worrying about feeling tired or uncomfortable. In addition, the soft RGB backlighting allows you to lose yourself even more in the world of gaming and gives the headphones a modern look.
