TWS Tronsmart Onyx Pure headphones (black)

Looking for the perfect headphones for yourself? Do you want to delight yourself anew with your favorite songs? The Onyx Pure headphones will be perfect for you! Despite their small size, they will delight you with excellent Hi-Fi sound and the ability to choose from as many as 3 modes. What's more, you won't have to limit yourself anymore, as the headphones have a runtime of up to 32 hours thanks to their large battery!

Excellent music quality

With Tronsmart headphones you will discover your favorite songs anew. Thanks to the dual dynamic transducer, they allow you to enjoy high quality Hi-Fi sound and 9D stereo sound. This will make you feel like you're at a concert, no matter where you are!

Tailored to your needs

You can easily adjust the Tronsmart Onyx Pure headphones to your needs, as they are equipped with 3 different modes. If you're a fan of powerful and delightful bass, choose Bass mode. Pure mode allows for pure sound, without additional effects. This allows you to enjoy music very close to the original recording. However, if you're a fan of traditional solutions, opt for Normal mode.

Comfort of use

Onyx Pure were created with comfort in mind, so they stand out for their ergonomic design. What's more, they are very light - their weight reaches only 4.5 g. This makes it so that you won't feel them in your ears. The headphones are equipped with touch panels, which makes the whole operation even simpler - just a few touches of your finger.

Long working time

With Tronsmart you don't have to limit yourself anymore! The headphones are equipped with a capacious battery that guarantees up to 7 hours of operation! You can extend this time, using the charging case included in the set, up to 32 hours! What's more, this equipment will notify you when the battery is low, so nothing will surprise you anymore!
