

## Filter ND8 Freewell for DJI Avata Drone

Filter ND8 Freewell for DJI Avata Drone

Ref: 6972971860317

### Freewell ND8 filter for DJI Avata

Protect your camera lens and increase the quality of your shots with Freewell's proposal. The ND8 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

### Effective performance

The ND8 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 3-stage compensation to reduce the amount of light coming through the lens.

### Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch resistance.
