Filter ND32 Freewell for DJI Mavic 3

Ref: 6972971860690

Freewell ND32 filter for DJI Mavic 3

Protect the lens of your camera and increase the quality of the shots you take with the Freewell proposal. The ND32 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device. It is compatible with DJI Mavic 3 cameras.

Effective performance

The ND32 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 5-step compensation to reduce the amount of light coming through the lens.

Refined design

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch resistance.
