Powerbank HAVIT PB92 20000 mAh (black)

Ref: 6950676216585

Powerbank HAVIT PB92 20000 mAh (black)

Going on holiday or on a business trip? Take the powerbank with you and be prepared for any situation! The Havit PB92 powerbank is distinguished by its 20000 mAh capacity, so you can successfully renew the energy in your smartphone several times. It offers fast PD charging and has 3 output ports - USB-C and 2x USB-A. It offers a high level of safety and its compact design means you can easily pack it in your bag or backpack!

Fast charging of 3 devices simultaneously

Don't waste time waiting for your devices to be ready for use again! The powerbank offers fast charging with PD20 W via USB-C and with 22.5 W via USB-A, so you can charge your smartphone or tablet in just a few moments. Furthermore, it is equipped with up to 3 output ports - USB-C and 2x USB-C. So you can freely charge multiple devices at the same time!

With attention to detail

Havit has designed the powerbank with attention to the finest details. The PB92 has a built-in 4-level light indicator that will let you know in real time the state of charge of your battery. This way, it will always know when to plug in your powerbank for charging - nothing will surprise you anymore!

#### No worries about safety

The Havit powerbank not only enables fast, but also safe charging. You no longer need to worry about damaging your devices! Advanced safety features effectively protect against overcurrent, short-circuits or overvoltage. What's more, the intelligent chip automatically adjusts the charging parameters to the connected equipment. All this makes your devices completely safe!
