

Filter UV Freewell for GoPro HERO11/HERO10/HERO9

Ref: 6972971860874

Filter UV Freewell for GoPro HERO11/HERO10/HERO9

Freewell UV filter for GoPro HERO11/HERO10/HERO9

This filter is designed specifically for GoPro HERO11/HERO10/HERO9 models. It is a high-quality optical glass with special coatings to protect the lens from scratches, dust and dirt. The UV filter blocks ultraviolet light, so you'll avoid haze in your photos and get sharp, clear images. You'll also find a case included for easy storage of the filter.

Even better photo quality

The filter is designed to absorb most of the UV rays reaching the lens, while ensuring color neutrality. The lightweight filter is coated with a special coating that ensures optimal image quality while protecting your lens from debris and scratches. Now your photos will be even better, and you'll have peace of mind about your lens.

GimbalSafe technology

Freewell is committed to high quality workmanship and subjects its products to rigorous testing, so you can rest assured that your camera will be safe. The filter has an ultra-lightweight frame that won't weigh down your device or affect its balance.

Protective coating

For the best results when shooting outdoors, the filter has gained a special coating, making it dustproof and scratch-resistant. Photos of

speedway racers? Why not! Your lens won't suffer from it! What's more, the oleophobic coating prevents greasy stains and fingerprints, so keeping the filter clean will not be a problem.
