

## Filter UV PGYTECH DJI Mini 3

Filter UV PGYTECH DJI Mini 3

Ref: 6970801339842

### PGYTECH DJI Mini 3 UV Filter

Try the PGYTECH UV filter, which blocks blue light and guarantees excellent results. It was created with Japanese AGC optical glass and CNC aluminum, making it lightweight, yet strong and resistant. What's more, thanks to special coatings, it will also be easy to clean and install.

### Excellent image quality

Creating beautiful bird's eye shots is easier than you might think. You don't have to worry about UV rays anymore, as the filter made of Japanese AGC optical glass prevents them from entering the lens. What's more, it also blocks blue light, so you can easily eliminate blue or whitish tones from your photos. This makes this product perfect for open spaces like seas and large fields.

### Durable and easy to clean

This product is extremely resistant and easy to clean. Thanks to its 2-sided coating, it is waterproof, and what's more, it also repels grease. This makes it easy for you to keep it clean. It will serve you for a long time, as it also shows scratch resistance.

### Made for DJI Mini 3

You don't have to worry about the accessory weighing down your drone and affecting its flight quality. The filter is extremely lightweight

and durable, thanks to its frame made of aluminum. It also stands out for its resistance to corrosion. What's more, it is perfectly matched to the DJI Mini 3, so it won't upset its balance and will allow you to have a smooth and exciting flight.
