Smart Switch Module ZigBee Avatto N-LZWSM01-1 No Neutral TUY

Smart Switch Module ZigBee Avatto N-LZWSM01-1 No Neutral TUYA

The Avatto smart switch module will allow you to conveniently control the lighting in your home. It is compatible with the TUYA / Smart Life app, so you can control it remotely. It also works with the voice assistants Amazon Alexa and Google Assistant. The product is also very easy to install. Create work schedules, set timers and share your devices with other family members - say goodbye to restrictions with Avatto! The switch is 1-channel and supports the ZigBee 3.0 communication protocol - an additional ZigBee gateway (sold separately) is required for operation.

Remote control with an app

Not sure if you have switched off the lamp before leaving for work? Now you can do it with your smartphone! The Avatto switch is compatible with the TUYA / Smart Life app, so you can control the light remotely - with just a few clicks! Want the rest of the household to be able to control the lighting remotely too? No problem - the app allows you to share selected devices. What's more, the switch remembers the last settings and restores them if, for example, there is a power failure.

Get even more options

Match the lighting in your home to your lifestyle. The app allows you to use timers and set operating schedules for selected appliances - make the light automatically turn off at 23:00 when you go to bed and on at 7:00 when you get up. You can also link the product to other

devices or sensors and create a smart scene. It is also possible to group control several switches at the same time.

Simple installation - hassle-free operation
The switch is very easy to install - it won't cause you any problems or take too much time. The device also does not require a neutral wire. What's more, you can operate a single lamp with 2 switches without any problems - perfect near the staircase, for example. Conveniently switch the light on on the ground floor and off on the ground floor - so you can climb up safely and avoid accidents!

Compatible with voice assistants
Free your hands and enjoy even more freedom. The switch is compatible with the Google Assistant and Amazon Alexa smart assistants. This means you can control your lighting with your voice! Now you only need a few words to turn the lights on or off, for example. Lying in bed and want to turn off the lamp but don't have your phone to hand? Issue a simple command and watch the lighting adjust to you!

Brand
Avatto
Model
N-LZWSM01-1
Colour
White
Number of channels
1
Voltage
AC 200-240 V 50/60 Hz
