Wireless earphones Remax sport Neckband RB-S9

Remax wireless sports headphones Neckband RB-S9

Comfortably listen to your favourite music during your workouts! The Remax RB-S9 wireless headphones feature 10mm drivers to take your music experience to a new level. The latest Bluetooth 5.3 technology is responsible for an instant and stable connection to the device of your choice. The built-in rechargeable battery allows for 8 hours of music playback and the ergonomic design ensures maximum comfort during use.

Immerse yourself in sound

Your favourite songs have never sounded better. The 10mm composite drivers let you hear details you've never heard before! Clear, natural sound, powerful bass, ear-pleasing treble and midrange, and perfect sound harmony - all this will make you feel like you're at your favourite band's concert.

Stable and fast connection to your device

No more worrying about interference, delays and other connection problems! Advanced Bluetooth 5.3 technology ensures reliable, fast and stable transmission up to 10 m. Pairing them is extremely easy.

Up to 8 hours of music playback

Forget about limitations and enjoy your music for as long as you want! The headphones feature a powerful 110 mAh battery that provides up to 8 hours of use on a single charge. Charging them won't take long - they will be ready for use again after about 1.5 hours. A coloured light indicator will inform you of the charging status.

With comfort in mind

Take care of your comfort while listening to music! Remax headphones fit snugly and won't fall out of your ears - so you can use them without any problems, even during intensive exercise. They are made of high-quality silicone that does not irritate your skin. What's more, they have built-in magnets that make it easy for you to store the headphones.
