Wireless earphones Remax Bluetooth RB-T9

Ref: 6954851260882

### Remax Bluetooth wireless headphones RB-T9

Comfortably talk on the phone while driving or cycling! The Remax RB-T9 wireless headphones have built-in microphones and use advanced noise cancellation technology, so you can be sure that your callers will hear you even in extremely noisy places. Bluetooth 4.1 technology is responsible for the connection to the device of your choice, and they have an operating time of up to 6 hours and will be easy for you to use. The ergonomic design of the headphones will provide unparalleled comfort during use.

### Conveniently talk on the phone

Now you are free to make phone calls wherever you are. The headphones have a built-in microphone that will reliably record your voice. They also utilise innovative noise-cancelling technology that eliminates background noise, so your caller will hear perfectly everything you have to say.

### Up to 6 hours of operation

Use your headphones for as long as you want without worrying about them running down suddenly! The built-in 100 mAh battery provides up to 6 hours of use if you're talking on the phone or up to 5 hours if you're listening to music. So you don't have to worry about charging them frequently.

### Easy to use

Operating the headphones is extremely easy and won't be a problem for you. All you have to do is press the dedicated button to gain convenient access to the most important functions! From the headphones, you can stop the music, change songs or manage calls. See for yourself how easy it is!
