Ref: 5903317229742

Wireless Charger Green Cell GC ChargeSource 5 5xUSB 52W With

Green Cell GC ChargeSource 5 5xUSB 52W charger with Ultra Charge and Smart Charge fast charging.

The GC ChargeSource charger features 5 high-speed ports for even more convenience. This allows you to save time and space by charging several devices simultaneously at the maximum possible speed. What's more, with Green Cell, functionality goes hand in hand with aesthetics!

5 fast ports

Ultra Charge 18W is Green Cell's proprietary technology that allows you to charge your devices up to 3.5 times faster. It is fully compatible with Quick Charge 3.0, Apple 2.4A, Huawei FCP and Samsung AFC. Smart Charge 12W is a smart USB port that will self-adjust the optimal charging power for each device.

Turn hours into minutes

We know that your time counts, which is why the GC ChargeSource 5 fast charger ports will charge your smartphone up to 70% in 30 minutes! With Green Cell, you're back in business in just a few minutes!

Unique design

The high-speed ports of the ChargeSource 5 are enclosed in an extremely lightweight, compact and stylish design. This makes the

charger not only look great on your desk, but also the perfect companion for all your travels.

Connect any device with a USB port

With the GC ChargeSource 5 you will be able to charge all compatible devices, no matter what type of port they have. Smartphones, tablets, smartwatches, wireless headphones or even the Nintendo Switch - all you need is the right cable and unlimited access to energy will become a reality.

Guaranteed safety

The mains charger is a functional device that also guarantees safe use. It is equipped with overvoltage protection, short-circuit protection and temperature monitoring. This gives you the assurance that your devices are adequately protected.
